#### AUDITOR'S REPORT

This certifies that I have this day examined the accounts of the Selectmen and Treasurer of the town of Stockholm for the year ending February 20, 1919, and find them correctly kept and with proper vouchers for the several items.

Stockholm, Maine, February 20, 1919.

DAVID ABRAHAMSON

### School Superintendent's Report

To the Honorable Members of the School Committee and Citizens of Town of Stockholm:

I have the honor of submitting herewith the yearly report for year ending nineteen nineteen.

The village school opened September 30 for the fall term with an enrollment of one hundred seventy-five pupils. Teachers as follows: Miss Hazel Flannery of Fort Fairfield, principal of building and grammar school teacher. Miss Beulah Bell of Blaine, intermediate teacher. Miss Elizabeth Nicholson of Canterbury, N. B., and Miss Elsie Bamford of Houlton, primary teachers. The wages paid to grammar school teacher is fifteen dollars a week; the same as last year. The other village teachers are paid thirteen dollars and fifty cents a week, an increase of fifty cents a week over last year's wages. The village school teachers are all graduates of Presque Isle Normal School and Miss Eunice Westin, teacher at number one, has taken the summer course at Presque Isle. Miss Westin receives thirteen dollars a week, the same as teacher last year. The teachers are all doing excellent work and are taking great interest in the welfare of their pupils, the men and women of a great tomorrow. The parents ought to cooperate with us and help us to receive regular attendance.

It is for your children that the schools exist; you pay for the support of schools—why not your children reap the benefit?

All Stockholm schools were closed six weeks on account of influenza epidemic. The teachers were paid for one week extra with the intention that as much time as possible be made up by having school every other Saturday and rest made up at close of school year. Only about fifty percent of pupils of first grade entered school this year, due largely to epidemic scare.

The second and third grade room is over crowded. Extra seats for present had to be taken from primary room to meet our seating capacity. A few extra seat are also needed in intermediate room. We have placed our order with Dunn Furniture Company, Houlton, for fifteen seats.

A set of reference books is very much needed in grammar grades and it is suggested that a part of money appropriated for library books be expended for a set of such works. A set of five or six volumes would probably cost twenty-five dollars.

The Palmer Method of writing has been introduced into village school with great success and so far no extra expense to town other than that for ink, paper, pens, as it is taught by trained teachers from the blackboard. A few copy slips could be used to great advantage, especially in primary grades, namely, second and third, at an expense of eight cents a pupil. I have not ordered any copy slips as we have on hand Houston's Writing Lessons and so far these have been used for extra practice.

The outbuildings at rural school are now brought up to the standard sanitary requirements as are laid down by the educational department. The rural school lot, however, is not large enough to meet the state requirements. If the land at south of building could be obtained at a reasonable valuation, it ought to be annexed to present lot, making lot about one-half acre.

The chimney in rural school is also in very poor condition. Experienced men have examined it and they say no amount of remodelling will remedy the defect. The excreted soot at times makes it almost impossible for teacher and pupils to remain in room.

The amount raised last year for painting main building was underrated and the repair account was overdrawn, \$219.87.

The appropriations needed and recommended for ensuing year are as follows:

Common schools	\$800
Repairs	300
Tuition high school pupils	100
Text book, \$150 and Library books, \$50	250

For a detailed financial statement of our school expenses, receipts and amounts left unexpended, I refer you to the financial tables in the selectmen's report.

With due appreciation of your loyal support and cooperation in the management and administration of our schools this report is

Respectfully submitted,

ELFRIDA NEILANDER,

Superintendent of Schools

Stockholm, Maine, February 20, 1919.

## WARRANT

To Edward Foley, Constable in the Town of Stockholm, in the County of Aroostook, State of Maine. Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Stockholm, qualified by law to vote in town affairs, to assemble at the Standard Veneer Co.'s Hall in said town, on the 10th day of March, A. D. 1919, at 10 o'clock in the forenoon, to act on the following articles to wit:

- Art. 1. To choose a Moderator to preside at said meeting.
- Art. 2. To choose a Clerk for the ensuing year.
- Art. 3. To see if the town will accept the town officers' report.
- Art. 4. To choose Selectmen and Assessors.
- Art. 5. To see if the town will vote to elect a board of overseers of the poor for three-year terms, one term to expire each year.
- Art. 6.
